## Springwood Gardens 2019

Springwood Gardens is a family-owned mail order nursery. I specialize in breeding fancy, northern hardy, tetraploid daylilies with great color, many of which are outstanding breeders. There are 11 new introductions for 2019. All are strong, gorgeous garden flowers and many are also OUTSTANDING parents! I am really proud of this group of flowers and know you will love them as much as I do. The website includes pictures of each introduction under different types of weather, plus links to selected offspring if any. The colors are accurate (depending on your monitor), which is great since it is hard to describe some of the colors. New introduction pricing is a combination of proven ability to easily produce outstanding kids, garden value, and how many I have available. I realize that most of the 2019 intros are in the same color family, but purples with chalky eyes and fancy edges are where I have had the best results and they look so pretty together in the garden☺ I'm working hard to get roses and reds with similar looks, but that is still a ways into the future. Interested in what might be coming out in 2020-2021? See the link called possible future introductions.

A few miscellaneous notes: Thank you so much for the nice e-mails and internet posts about the flowers you receive as well as the pictures of your gardens and seedlings. I love hearing from you. In case you haven't already gotten them for hybridizing, I saw great results this past summer from plants like Mystery of the Ages, Broken Chains, and Let the Sea Resound. You are welcome to use any of the photos on the website without permission. As for rust, I haven't seen a spore inside or out since the fall of 2016, but as many have learned, it can pop up unexpectedly from a visitor, the wind, etc. Best wishes,

**Karol Emmerich**

(also see Facebook – Daylily Pictures group or Karol Emmerich)

**COLLECTION AND CLUB PRICING:** \$900 for the collection (\$1075 catalog value) plus \$42 shipping. Clubs will receive at least twice catalogue value if the plants are my choice based on availability, but they will come from your wish list.

**GIFT PLANTS:** Rather than sending gift plants, my practice has been to keep my prices reasonable, send large plants, and send extra fans on larger orders. However, on orders of \$300 or more from anything in the catalog I still have Shake, Rattle and Roll, Gathering of Nations, and Trials of Job available as a gift to hybridizers. (These plants are for personal use only and you must promise on your order form not to sell or gift the plant or seeds, but hopefully they will help you get some interesting seedlings or even introductions☺) For an order of that size from non-hybridizers, I will try to send extra fans of some of what you've ordered if that is your preference (and if available) or you can send me a list of plants to choose from.

**SALES INFORMATION:** Each order is important, and I personally choose and box each plant. Plants are state-inspected. Shipping is by priority mail from March 15 to June 30 (although if I have time to ship after that I will). \$12 for the first plant and \$3 for each additional plant. Check or money order should be made payable to Springwood Gardens. U.S. shipments only. **Prices are for a double fan or more.** I ship large plants, although sometimes the size is weather or cultivar dependent. I promise you will be very happy with the size of your order as a whole☺ All Springwood introductions have been grown and tested outside before selection. They are not babied or given special care. They are planted on top of a cold, windswept hill with almost no snow cover. The ground around the daylilies is covered with a couple of inches of hardwood bark for weed control. They are given at least an inch of water a week during the growing season and only rarely any fertilizer. During bloom season, nights are typically in the 60's and days in the 80's and 90's, but in making evaluations, I also watch how the flowers open when temps are in the 50's. Most of the dormants are lined out outside. The semi-evergreens are lined out in the greenhouse (where they are grown in the ground in raised beds, receiving only regular fertilizer and water and sprayed for insects as needed), enabling you to receive large, high quality, blooming size plants when it's most convenient for you in the spring. I recognize that not everyone is enamored of plants grown in greenhouses, but in our climate it's often the only way I'm able to ship before early June! Bloom occurs in April and May in the greenhouse, and it is likely you will receive a plant that has already scaped (happy to send scapes for pollen if I have them). Most buyers report first year bloom (and often rebloom) on the majority of the plants that I send, although not usually in sync with their peak bloom time. Northerners will find that their plants will re-establish more quickly if they request delivery after the soil has warmed up in their area and after hard frosts are expected.

**Please don't offer to re-sell any of the 2019 intros until October 2019** (when my selling/shipping season is over for the year). Dividing them in the first year not only voids the replacement guarantee, but will also make me hesitant to send you double fans of new intros in the future. Thank you for understanding☺

## 2019 INTRODUCTIONS

**BOOK OF LIFE TET 41112** (sdlg x Skin of My Teeth), where the seedling includes things like Chariot of Clouds, Shores of Time, Heartbeat of Heaven, Remembering Joan, Rock of Salvation, and Gnashing of Teeth. 6” (range of 5.5-6.5”), 36” when mature (and some years 40”), 5-way (range of 3-7 way in a given clump), 26 buds (range of 17-42 in a clump), M, Dor, fr, Minnesota instant rebloom on half the fans. Beautiful clear saturated Welch’s grape; lavender eye and edge plus silver and ivory wire and has white sharks unless it is cool weather (as pictured); yellow to green throat. It took me 5 years to notice that although it is a good opener it can take until 9AM to open on cold mornings, and there is also a small area without color at the end of each sepal. It is easily fertile both ways and a wonderful parent for hardy flowers with saturated color, chalky eyes, fancy edges, and good scapes (see website pics)....\$75DF

**CHAINED IN THE ABYSS TET 49312** (Broken Chains x sdlg), where the seedling includes things like Heartbeat of Heaven, Gnashing of Teeth, Not Guilty, Chariot of Clouds, Skin of My Teeth, All Things to All Men. 6”, 28” (30” in 2018), 3-way branching (range of 2-6 way in a given clump, and 3.6 way avg. in 2018), 16 buds (range of 12-24 in a clump), ML, Sev (I think), fr, some Minnesota instant rebloom. Grape cranberry; gray lavender eye and edge plus ivory teeth; chartreuse throat. Some photos look a lot like its parent Broken Chains, but in person it has its own look, and it has different looks on different days (see pics). It is a very hardy plant and a good increaser. Not yet used as a parent as it was first flagged outside and left for testing, but based on its very fertile parents and looking at the pollen and the grasshopper pods I would say it is fertile both ways.....\$75DF

**FLOODGATES OF HEAVEN TET 39613** [(Cosmic Struggle x a complicated sdlg) x Flying Purple People Eater]. 9” (to 9.5”), 38” when mature, 4-way with 20 buds in test location (5-way with 25-30 buds on new planting in better location), M, Dor, fr, only a little occasional instant Re in Minnesota, almost EMO. Grape magenta; grape lavender plus lighter lavender eye; small lavender edge; chartreuse throat. Pictured on its most dramatic day so you can see breeding possibilities - see other pics on website. My goal when using Flying Purple People Eater was to increase the size of my purple flowers and still retain most of their fancy edges – not easy to do! - see links on website for results with this one☺ Fertile both ways but pods not usually easy to set.....\$125DF

**FOUNTAIN OF WISDOM TET 11909** (All Things to All Men x Hiding Place). 5.5”, 40”, 4-way, 18 buds, ML, Sev, fr, no MN instant rebloom noted. Dark lavender pink; violet etched blue lavender eye; violet and blue lavender and ivory edge including some sharks; green throat. Strong, dependable plant with a lovely color combination. Fertile both ways.....\$50DF

**PEACE OFFERING TET 23312** (sdlg x Desire of Nations), where the seedling includes things like All Things to All Men, Chariot of Clouds, Heartbeat of Heaven, Janet Benz, etc. 6”, 26” 4-way, 20 buds, ML, Sev, fr, Re (but not in Minnesota), EMO, CMO. Dusky pink magenta; icy gray lavender eye and edge; yellow to green throat. Beautiful, showy flower and strong plant. Fertile both ways.....\$100DF

**PRAY WITHOUT CEASING TET 42212** (sdlg x sdlg) Lineage is made up of complicated seedlings plus All Things to All Men. Some of its great grandparents have very bluish chalky eyes. 6”, 30”, 4-way (range of 2-6 way in a given clump), 20 buds ( range of 16-27 in a clump) but can be 3-way and 15 buds if very crowded, M (to ML), Dor, fr, instant Re in MN on all fans in 2018 but just some in previous years, EMO. Grape cranberry magenta; large icy pale lavender eye and edge plus ivory, yellow, and gold; yellow to green throat. Oh, my, what can I say! This flower is MESMERIZING, GORGEOUS, UNIQUE, a great bouquet bloomer – and people gasp when they see it. In the shade it looks like it is glowing in the dark – see website pics which are accurate colors. Fertile both ways. It has easily made astonishingly beautiful kids for me which are hardy and well-branched (see website). You might remember how strongly I recommended All Things to All Men as a parent. Many of you have shared with me or on facebook how happy you are that you got it and that you are seeing wonderful kids from it☺ I am just as enthusiastic about this one, especially if you are breeding for chalky eyes...\$200DF

**SEA OF GLASS TET 24712** Desire of Nations x {sdlg x [(Storm Shelter x Jane Trimmer) x All Things to All Men]}. 5.5”, 26”, 4-way, 22 buds (some years 5-way and 26 buds or 3-way and 18 if crowded), ML, Dor, fr, some to lots to almost all fans with instant rebloom in Minnesota depending on the year. Cold morning opener –one of the best in the garden at 50 degrees after rain, Flawless, consistent blooms. Cranberry grape (darker in cool temps); icy gray lavender eye and edge plus ivory; yellow to green throat. Very distinctive color combination, and the indented/notched eye gives it even extra personality and is passed on to offspring. Fertile both ways, and it is the parent of one of the best parents I have ever bloomed – a future numbered 18014 (see website). I didn’t use Sea of Glass much when it first bloomed in the GH since I couldn’t figure out how to make it better, and I also didn’t believe anything that beautiful would thrive in Minnesota so what was the point of making crosses – dumb me - and then it was sent outdoors for testing where I don’t make crosses. I’m looking forward to seeing lots of its kids in 2019☺.....\$100DF

**SWORD OF THE SPIRIT TET 41913** {[(Gnashing of Teeth x sdlg) x Soli Deo Gloria] x Terrible Swift Sword}. 7”, 33” when mature, 4-way with beautifully spaced laterals, 19 buds, M, Sev, fr, instant rebloom in Minnesota on almost all fans, EMO and easy opener even when nights are in the 50’s. Cranberry grape; grape and dark lavender eye and edge with white sharks (pictured on its sharkiest day); yellow to green throat. This flower has several different looks – all of them gorgeous – make sure to check them out on the website. Nice parent and fertile both ways.....\$100DF

**TRUTH OR CONSEQUENCES** TET 25814 {[All Things to All Men x (Chariot of Clouds x Skin of My Teeth)] x [Gathering of Nations x {(Inscribed on My Heart x Chariot of Clouds) x Entwined in the Vine}]} x Flying Purple People Eater. 9" (to 9.5"), 38" (some years 34", another 40"), 3-4 way, 16 buds, ML, Sev, fr, Re (but not MN). Cranberry grape; lavender eye; chartreuse throat. Crispate UF (pinched petals). The flower might be similar to something else that has been introduced (lots of the UF's look similar to me), but what makes it stand apart are its height and fast increase to a clump. In its test location it went from 1 to 5 to 13 to 21 fans after 36 months in place despite being crowded by surrounding plants. Sorry, no guarantee it will replicate that performance in every location in every garden☺ Pollen fertile, but not pod fertile.....\$75DF

**TRUTH TELLER** TET 7912 {[sdlg x (sdlg x Inscribed on My Heart)] x Trials of Job} 6.5" (and sometimes 7"), 30" (36" in one location), 5-way branching with 25 buds (range of 4-6 way and 17-37 buds, but if the spring is terrible or in a poor location it can be 3-way with 10-15 buds), EM, Sev, fr, instant Re in MN on almost all fans, EMO. Dark pink; merlot eye and edge plus ivory wire; green throat. Looks great when planted next to Solemn Oath. Fertile both ways and a good parent and grandparent for bold eyes (see link on website).....\$75DF

**WRITTEN IN STONE** 43313 [Cloud Rider x (All Things to All Men x a very complicated pink sdlg that includes things like Shores of Time and Chariot of Clouds)]. 6.5-7", 36" (shorter when first lined out), 4-way, 17 buds (range of 13-24 in a clump), M, Sev, fr, Minnesota instant rebloom on more than half the fans in some years, EMO but can tangle when cold. Pale lavender pink; large pale yellow eye and edge; green throat. Thick substance; holds great in the sun. When newly planted it can be similar in look to parent Cloud Rider but when mature it is quite different - lighter and pinker, an inch bigger, much more ruffled, and a better scape. Fertile both ways and a wonderful and interesting parent, making kids of several colors (see website for sdlg pics).....\$100DF

**AVAILABLE 2003-2018 INTRODUCTIONS (all tets)**

**ALL THINGS TO ALL MEN** 5.5-6",28",Sev,M,5-way,33,pink lav/eye.....50  
**ALPHA AND OMEGA** 5",28",Dor,M,pink lav/purple eye..... 65  
**AMBASSADOR OF PEACE** 6",24",Dor,M,3-way,20buds,yellow.....30  
**ANGELS BOW DOWN** 8",36",Dor,M,4-way,18buds,lav w/merlot eye.....30  
**ARMED FOR BATTLE** 6",38",Dor,M,4-way,25buds,magentagrape/lav eye..25  
**BANNER OF LOVE** 5-1/2", 24",Sev,M,4-way,19buds,yellow w/red eye.....30  
**BATTLE OF JERICHO** 5",28",Dor,M,4-way,20buds,grape purple w/eye.....20  
**BLOOD, SWEAT AND TEARS** 6",28", Sev,M,3-way,18buds,raspberry.....30  
**BLOOD WHERE YOU'RE PLANTED** 5.5",30",Dor,M,4-way,22buds.....35  
**BROKEN CHAINS** 6",32",Sev,ML-L,3-way,17,purple,chalky eye,sharks.....75  
**CALLED TO FREEDOM** 7",33",Sev,ML,4-way,23buds,grape cranberry.....35
