

I STAND AMAZED

I STAND AMAZED TET 12417 {Mystery of the Ages x (sdlg x Irreconcilable Differences)} x {Broken Chains x sdlg}. 6", 30" (27-33" depending on location), 3-way branching (range of 2-4), 15 buds (range of 8-16 and less in drought – note that budcount is not higher in the greenhouse, so unlike most of mine it might not increase in budcount going south), ML, Sev, Re (some to lots of instant rebloom outside in MN), EMO, CMO, and holds up in hard rain. Stunningly beautiful. Saturated color and only rarely shows spots. Grape with gray lavender eye, gray lavender edge plus yellow ivory teeth, white midribs on half of the petal, green throat. Fertile both ways and some really beautiful offspring (see kids and grandkids below). I've barely scratched the surface of what it can do as a parent and grandparent since it has lived most of its life outside being testing in a couple of locations.

I STAND AMAZED KIDS

(keep scrolling for grandkids)
