

LIAR LIAR PANTS ON FIRE

LIAR LIAR PANTS ON FIRE TET 16316 (Irreconcilable Differences x sdlg) x Scarlet Pimpernel. 8” (sometimes 7.5” if it recurves a lot), 32” (range of 28-34”), 3-way branching (range of 2-6 way depending on scape and location), 15 buds (range of 7-22 buds depending on scape and location), Sev in the greenhouse so that is how I registered it to be conservative but mostly dormant outside, ML, EMO, CMO, some instant rebloom outside in Minnesota (and lots in the greenhouse). Dark rose red with pinkish red eye, small pinkish red edge plus white teeth, white midribs, green throat. Eye-catching flower that stands out across the garden. The scape is not elegant as you can see with most blooms at the top, but they bloom one at a time and don’t get gloppy or interfere with each other. The flowers also make up their own mind how they will face when they bloom – sometimes to the sky, sometimes left or right or looking down. Fertile both ways. See pics below of kids and grandkids.
