

COME BY FAITH

TET 37716 [(Irreconcilable Differences x sdlg 12713) x Minnesota Nice]. 7", 32", 6-way branching (5-7 way in good locations, 4 in a poorer one), 40 buds (32-48 in good locations, 24 in poorer location), M (blooms actually start midway between mid and late mid-season),

Sev, fr, instant rebloom in Minnesota on all large fans, EMO, CMO (even in the low 40's!), great substance that holds in rain. Very hardy with strong scapes. A “blooming machine” that goes on for weeks. Lavender pink bitone with ivory pink watermark; pale lavender and ivory edge; green throat. Can have ruffles and small teeth. Color varies with temperature – from super pale to super intense pink. Fertile both ways.
