

## KINGDOM KID

**TET 30817 (Book of Life x Pray Without Ceasing). 5", 32" (28" yr 1, 30' yr 2, 36" yr 3), 5-way branching (range of 4-6), 21 buds (range of 15-31 in a given year), EM, fr, no rebloom outside in Minnesota. Blooms a long time here in Minnesota – from early July through early September. Medium cranberry (although the color can vary with the temperature); indented icy/chalky pale lavender ivory eye; pale lavender plus ivory edge; yellow to green throat. Not perfect every day (some spots some days on some flowers). Holds well in the rain. Too dormant to grow in the greenhouse, so will be shipped from the outside in May/June. Fertile both ways.**
