

FIERY RED HORSE

FIERY RED HORSE TET 9517 (Joy Came Down x Liar Liar Pants on Fire) 6.5' (up to 7"), 30", 15 buds (range of 11-20), 4-way branching (range of 3-6), ML to early Late, Sev, Re (including most scapes outside in MN so I get about 23 blooms per scape here). Rose red with a pink eye and white midribs one third to one half of the length of the petals; pink plus ivory edge and green throat. Very showy, good grower/increaser and makes a pretty clump you can see at a distance. Color is lighter late in the day when intense sun and heat. Fertile both ways.
