

BE SLOW TO SPEAK

BE SLOW TO SPEAK TET 44916 (Child of Bethlehem x Ruler of Nations) 6.5", 26", 5-way branching (range of 2-8), 26 buds (range of 11-36), Re (but not outside in MN that I've seen), Late, Sev., CMO. Grape violet; chalky gray lavender eye; chalky gray lavender plus ivory ruffled edge; yellow to green throat. Blooms for many weeks (sometimes 6). This is one of those sleep, sleep, creep, sort of leap ones. But it is gorgeous and makes a beautiful clump if one has a bit of patience. Pod fertile (I wanted to set on it because of its scape so I never tried the pollen.
